

EU Funding in Brandenburg

ESF in BRB

Project Title:

Employment of an innovation assistant.

Objectives and (Expected) Results:

The innovative task as part of the planned project involves setting up, programming and monitoring a new robot cell to reduce manual labor in the sharpening department. The aim is to automate this process and make it an interface for digitalization and Industry 4.0 in the future.

Funded by the European Union and the state of Brandenburg.

**Co-financed by the
European Union**
